

2Q 2009 Figures

Agenda

- **Current Status**
- **Business Strategy**
- **Investment Plan**
- **Usiminas and the Distribution Sector**
- **“Reinventing” Project**

Current Status

The largest flat steel producer in Latin America and the 38th steel producer in the world

Demand and Consumption

Top Brazilian Steel Producers – 2008 *

Crude steel production – 33.7 million t

Major Producers - 2008

Steel production- million t

Source: IBS - Informe Estatístico Preliminar – January/2009 and Metal Bulletin – 2009

* Flat steel production

Strategically located

- ✓ Close to major markets
- ✓ Iron Ore Mine
- ✓ 2 ports
- ✓ Railroad (MRS)

Full range of flat steel products

Ipatinga Plant	5,000 kt	1,000 kt	3,550 kt	2,500 kt	360 kt	480 kt
Cubatão Plant	4,500 kt	1,000 kt	2,100 kt	1,200 kt	-	-

Sales prioritizing domestic market and high value added niches.

46% Market Share *

(Thousand t)

June, 2009

*Flat steel market: Usiminas, CSN and Arcelor Mittal Brasil

Strong cash generation during recent years

US\$ Million

June, 2009

Allowing debt reduction and adequacy of its profile

US\$ Million

June, 2009

Note: Principal Values

Business Strategy

- 

Upstream Integration
Protection against transfer of margin in the value chain
Keep competitiveness of production costs
- 

Expansion of Domestic Capacity
Take advantage of domestic market growth, capturing a premium for the logistics gains
Capture competitiveness from access to local competitive raw material and labor
- 

Downstream Integration
Assure presence in growing markets
Integrate and create value in new market niches
- 

Expansion of Products Portfolio
Assure maximum potential of value creation
Reduce dependence of few product lines
Assure presence in growing markets
- 

Internationalization
Assure access to markets outside Brazil
Accelerate growth
Diversify and keep close to sector leaders

Investment Plan

Capex for 2009 is expected to reach R\$ 2.9 Billion

Investments

Ipatinga	Thousand t.
Galvanized	550
Heavy Plate	500
Hot Rolled	150
Technology updating and cost reduction	
Cubatão	
Hot Rolled	2,300/4,800
Technology updating and cost reduction	

Investments in Steel to meet demand of high value added products

Investments in Mining aiming increase of production and competitiveness

Million t

Usiminas and the Distribution Sector

The Distribution Sector is changing its profile

-  **Distribution** → **Distribution + Service Centers + Steel Processing**
-  **Consolidation**
-  **Steel Industry adopting model of downstream integration through distribution**
 - Size, potential of growth and margin
 - Commercial synergies
 - Operational Synergies

In March/09 Usiminas acquired Zamproгна, the largest independent distributor in Brazil

✓ **Financial Figures (2008)**

Sales volume: 288 thousand t
Net revenues: R\$ 822 million

✓ **Production and Supply**

Tubes
Service Center
Processed Products

✓ **Location**

Usiminas became the largest steel distributor in Brazil

Distribution

2008

Company	Distributors	Part. (%)	Rank INDA 2008	Market Share

“Reinventing Project”

Despite its leadership position, Usiminas aims to become more dynamic, stronger, modern and efficient

“Reinventing Project”

1. Productivity & Action

- Change in focus due to economic scenario:
- Debottleneck of production process → Variable cost reduction (Potential: R\$ 1.2 billion)
- Inventory management → Raw material and products: (Potential: R\$ 1.0 billion)

2. Transformation

- Integrated Sales, Production and Logistics
- New relationship standards

“Reinventing Project”

3. New Organization Model

- New matrix structure, by business nature
- Usiminas Executive Committee (COMEX)/decentralization
- Multi-segment committees / internal synergies

4. Branding

- Revision of corporate identity
- Revision of the brands' strategic positioning
- Alignment with the new organizational paradigms

Other fronts

Reduce Bureaucracy

- Simplification of internal procedures
- Dynamic decision making process

Employees' Suggestion Program

- 12,400 ideas in the 1st season
- 5,500 ideas in the 2nd season

Declarations relative to business perspectives of the Company, operating and financial results and projections, and references to the growth of the Company, constitute mere forecasts and were based on Management's expectations in relation to future performance. These expectations are highly dependent on market behavior, of Brazil's economic situation, on the industry and on international markets, and are therefore subject to change.
