NOTICE TO THE MARKET

Usinas Siderúrgicas de Minas Gerais S.A. – USIMINAS ("Usiminas" or "Company") hereby informs that its Board of Directors has approved the necessary investments for the refurbishment of the Blast Furnace 3 ("AF3") of Ipatinga - MG Mill, in the total amount of R\$ 1,234 billion by the year 2022, of which approximately R\$ 1.147 billion will be disbursed in 2020 and 2021. Such investments involve the acquisition and assembly of equipment, services and other measures necessary for such a reform. The AF3 will continue to operate normally until mid-2021, when the reform will take effect.

The Board of Directors also approved the construction of the new gasometer ("Gasometer") of the Ipatinga - MG Mill, in substitution for the gasometer destroyed on August 10th, 2018, which was the subject of Material Facts published on August 10th and 13th, 2018, in the total amount of R\$ 143.9 million which will be disbursed between 2019, 2020 and 2021. The Gasometer will have a capacity of 150,000 m³ and will store gases from Steelworks (LDG) and Blast Furnace (BFG).
